Dear Parents and Carers

Thank you for another great term at Wyke. Although the more usual first term we had all hoped for didn't happen, it was a successful term nevertheless and we have many things to celebrate as a school community.

As always, our wonderful children have done us all proud. They have worked hard, made great progress and have done so with a smile, enthusiasm and determination! Once again, I need to thank the staff for their continued dedication to provide the very best experiences for their classes, all while responding to constantly changing guidance and working day arrangement. You are amazing! A final big thank you to all of you, our parents and families, for your continued support and understanding. On behalf of the staff, I would like to thank you for your wonderfully generous Christmas gifts and cards. They are very much appreciated and very special to receive! Thank you.

I would like to say 2022 will be calmer and more straightforward, but it doesn't seem to be likely, given the current national Covid picture. We have been told to expect more guidance next week, which will hopefully lay out the January plans for schools, with a bit more notice than we had last January! I will, of course, share any plans with you as soon as possible. The only change received this week is regarding not having to isolate if in close contact with a positive case. Close contacts need to carry out 7 days of daily Lateral Flow Tests, unless displaying symptoms in which case a PCR test is needed. (A flow chart is attached to this newsletter.)

I hope that you all have a wonderful Christmas break. Take time to relax, charge your batteries and enjoy your time together. I look forward to seeing you all again on Wednesday 5th January 2022.

Regards
Michelle
